2018 Resilient Bayview Heatwave Preparedness Workshop
"When it gets hot, stay cool - Bayview style"

April 26th, 2018
Bayview Y

Date Prepared: 3/1/18

Event Summary

The Resilient Bayview Heat Wave Workshop was held on Thursday April 26th, 2018 at the Bayview YMCA. There was a total of 54 attendees from different community-based organizations, faith-based organizations, and government agencies that caters to the same audience.

The goals of the workshop were:

1. Provide attendees with data regarding the existing threat that climate change/extreme weather presents the health and well-being of the residents of the Bayview
2. The describe in detail specific health impacts of heatwaves and how to mitigate them
3. Conduct a tabletop exercise with attendees that focused on what a community led response to a heatwave may look like in the Bayview
4. To introduce the Resilient Bayview Heatwave Resilience Strategy and secure attendees input and commitment to participate in its implementation.

Resilient Bayview collaborated with the Department of Public Health to create a culturally competent Heat Wave Resilience Strategy. Teri Dowling from DPH and Felisia Thibodeaux from Resilient Bayview presented the Climate and Health aspect. Ganjre Digambar from One Concern presented the heat islands within the Bayview.

Event Overview

A. Event Vision and Mission Statements

Vision:
All Bayview residents receive year-round, culturally competent, support in advancing their disaster resilience goals and shall receive adequate and sustained service levels to maintain their happiness, health, and well-being during times of stress.
Mission:
To host a summit that supports agencies in crafting a resilience strategy that will ensure the health and well-being of their staff, clients, and neighbors. The summit convene Resilient Bayview community partners, residents, and agencies to provide them an opportunity to hear the updates on the impacts of extreme weather in the Bayview as well as learn more about the very latest in systemic approaches for mitigating the impact of these large events on the vulnerable and the policy behind their development.

B. Resilient Bayview Vulnerable Populations Working Group Background

In 2017, the Bayview experienced a series of unprecedented heat waves which saw the temperature rise to over 100 over the course of 2 consecutive days, for the first time in recorded history. The Resilient Bayview Executive Steering Committee activated it's HUB and were able to establish a cooling center at two separate locations. During its post event debrief, the steering committee determined the following:

1. Residents, especially those vulnerable to heat related health impacts, had little or no access to culturally competent preparedness materials
2. A majority of vulnerable residents live in structures with no air conditioning
3. Directing vulnerable residents to seek shelter from heat at offsite locations could put their health in jeopardy
4. Strengthening their ability to shelter in place, with the support of their immediate social and service network is ideal scenario to plan for

The Resilient Bayview Vulnerable Populations Working Group has secured the funding to strengthen the community's ability to prepare for, and respond to, extreme weather events.

C. Event Details

1. When: April 26th
2. Where: Bayview YMCA
3. Number of Attendees: 56
4. Number of Agencies: 31
5. Program Beneficiaries: Seniors and People with Access and Functional needs and Children and Families
6. Program Drivers: Heatwaves and Power Outage in Spring and Winter Storms (rain and flood and power outage) in the fall
7. Key Outcomes: Vulnerable residents, their social network (friends, neighbors, and associates), their spiritual and service network (human services (CBO & Private sector), housing services (CBO & Private sector), cultural/spiritual services (CBO & Faith based), civic networks (neighborhood based cohorts such as neighborhood associations)

D. Event Partners

1. Event Management Program Partners

i. H.S.A – Ben Amyes & John Murray
ii. DEM – Michael Dayton
iii. DPH – Teri Dowling, Veronica Shepard, Cyndy Comerford, & Naveena Bobba,
iv. DAAS – Sherine McSpadden & Cindy Kauffman
v. MOD – Nicole Bohn
vi. MOH – Kate Hartley
vii. MONS – Derick Brown
viii. Supervisor Cohen's Office – Brittni Chicuata
ix. Rec & Park – Jackie Battle
x. SFPL – Cathy Delneo
xi. Red Cross – Go Funai
xii. SFCARD – Brian Whitlow & Nykk Bickerstaff
xiii. Rebuilding Together - Brenna Hull & Karen Nemsick
xiv. Cal OES – Vance Taylor
xv. Office of Resilience and Recovery – Brian Strong

2. Event Participating Agencies

i. Bayview YMCA – Takija Gardner
ii. American Red Cross – Jessica Aldus, Bill Jeong, Donna Logan
iii. UCSF – Lydia Bell
iv. Greenaction – Brian Butler
v. McCormack Baron – Stephanie Burch, Mary Hennessey
vi. Wu Yee Children's Services – Jessica Campos, Kimberly Doe, Fanny Wool
vii. Mother Brown's / United Council of Human Services – Latrice Daniels, James Elerick, Victoria Green-Bissig, Arieann Harrison, Keisha Jones, Chantelle Mabrey, Gwendolyn Westbrook, Naketa Woodson
viii. Institute on Aging – Rowena Fontanos
ix. Providence Senior Housing – Shirley Foreman, Lisa Parker,
x. Department of the Environment – Wendy Goodfriend, Raymond Manion
xi. Mercy Housing – Grace Grimes
xii. A. Phillip Randolph Institute – Kurt Grimes
xiii. SFMTA – Adrienne Heim
xiv. Mercy Housing – Saqueen Li,

xv. Bayview Senior Services - Linda Mack-Burch
xvi. CYC – David Munoz, Michael Wong
xvii. Marin City Clinic – Marlenea Watkins
xviii. American Heart Association – Vicki Williams
xix. CPC – Aaron Yen
xx. Appallicious – Yo Yoshida
xxi. Bayview Clinic – Melissa Bryant
xxii. Visitacion Valley Asian Alliance – Marlene Tran
xxiii. SFRPD – Fulton Mitchell
xxiv. Office of Resilience – Melissa Higbee
xxv. DPH – Farrah Del Arroz

3. **Program Presenters**:
   i. Climate Change, Health, and the Bayview – Teri Dowling & Felisia Thibodeaux
   ii. Heat Wave Model – Digambar Ganjre
   iii. Town Center HUB Footprint – Daniel Homsey & Brian Whitlow
   iv. Resilient Bayview Heat Wave Strategy – Daniel Homsey & Felisia Thibodeaux
   v. Heat Relief Center & Cooling Center Strategy – Brian Whitlow

E. Audience

During extreme weather events, the vulnerable population such as: seniors, people with access and functional needs, and children and families must be prepared and able to tackle heatwaves and power outages in spring and rain, flood, and power outages in the fall. Our strategy outlines investments that support mitigation, preparation, response, restoration, and recovery strategies at the individual, organization, and community level.

Theory of change: Resiliency of the Bayview vulnerable population will be attained through:

- Mitigation (keeping residents healthy)
- Preparedness (create a plan to support your health and well-being during times of stress)
- Response (help residents implement their plan)
- Recovery (support residents as they restore their health to its original/improved condition)

F. Event Agenda

- Registration: 8:30am – 9:00 am
- Opening Remarks / Introductions: 9:00am – 9:15am
- Climate Change, Health and the Bayview: 9:15am-10:00am
- Break: 10:00am – 10:15am
- Heatwave resilience strategy: 10:15am-11:00am
    - Mitigation, Preparedness, Response and Recovery for Individuals and Organizations
- Stakeholder Resilience Development Roadmap Design: 11:00am – 11:45am
- Break: 11:45am – 12:00pm
- Report Out: 12:00pm-12:45pm
- Closing Remarks / Next Steps: 12:45pm – 1:00pm

G. RBV Program Management Team

Name	Title	Role
Daniel Homsey	Director	Program Management
Felisia Thibodeaux	RBV Director	Outreach Management with Senior Housing, Senior Services, and Small Retail
GL Hodge	RBV Meeting Director	Outreach Management with Faith Based, Nonprofit, Corporate Retail
Tre Allen	Deputy Program Manager	Program Management Support
Penny Eardley	Financial Liaison	Financial Management
Brian Whitlow	SF CARD	Resilience Management
Nick Bickerstaff	SF CARD	Resilience Management
Teri Dowling	DPH	Health Management
Ben Amyes	HSA	Human Services Management
John Murray	HSA	Human Services Management
Michael Henne	VPR Intern	Program Management Support
Efraim Dacuma	VPR Intern	Program Management Support
Kimanthe Kithika	Marketing Communications Intern	Program Management Support

H. RBV Heat Wave Workshop Pre Assessment

1. **Does your site have ADA accessible space that could be used as shelter?**

11 Attendees reported – No	7 Attendees Reported – Yes
Agencies:	***Agencies:***
Rebuilding Together San Francisco	The United Council for Human Services/ Mother Browns
Visitation Valley Asian Alliance	BMAGIC
Wu Yee Children's Services	Institute on Aging/Aging and Disability Resource Center
Bayview Health and Wellness	Bayview Senior Services
